

In the last few years, we all have seen and experienced vast changes in this profession. And last year, we decided to change up how our sponsors interact with professionals without an expo. We found it a huge success for both the supplier and the attendee. We hope to exceed that expectation this year as we continue to grow and expand our networking opportunities.

This year we are bringing back dynamic continuing education programs, networking time, family outings and opportunities for vendors to host dinners with their clients. We are offering opportunities for suppliers between continuing education sessions for vendors to present their company information and offerings. We are also offering numerous food, beverage and social events that are beneficial to every vendor.

Please take a moment and review the sponsorship opportunities we have available and help support the 132nd Annual VFDA Convention in Virginia Beach.
