VFDA WINTER CONFERENCE

JANUARY 21-22, 2024

MARRIOTT RICHMOND SHORT PUMP HOTEL

VFDA.NET

A MESSAGE FROM THE PRESIDENT

On behalf of the VFDA Board of Directors, I invite you to join us for the 2024 VFDA Winter Conference, January 21st-22nd at the Richmond Marriott Short Pump. We look forward to your attendance and participation in this event.

The Winter Conference promises to be an enlightening and educational gathering with presentations by esteemed professionals from LifeNet Health and Lincoln Plain in collaboration with the Dodge Company.

LifeNet Health will provide a comprehensive presentation on organ and tissue harvesting and donation, shedding light on the crucial aspects of this vital field. Additionally, Lincoln Plain will delve into the intricacies of embalming tissue donors, jaundice, methane blue, and tissue gas, providing invaluable insights into these significant areas of practice.

Moreover, we are delighted to announce that VFDA has secured a member rate for hotel rooms for the convenience of our attendees. We hope that you choose to stay overnight, enjoy dinner, social time and connect with other attendees. All VFDA members are invited to attend the quarterly board meeting on Monday morning. Please remember the VFDA will not be doing Traveling Caravans. Instead, we encourage you to attend the Winter Conference in 2024.

Also, we extend an exclusive invitation to students currently enrolled in an accredited mortuary college, who can attend this conference at no charge, courtesy of a generous sponsorship by Treasured Memories.

We eagerly anticipate your active participation in this enriching event, fostering growth, knowledge, and collaboration within our esteemed community of funeral directors.

Thanks,

Matthew R. Perry, President

CONFERENCE SPEAKERS

TERESA NORRELL

Teresa joined LifeNet health 16 years ago. In her role as Liaison to Funeral Home Professionals throughout Virginia, her focus has been to foster relationships with Funeral Home Professionals through mutual respect and an open dialogue where Funeral Home Professionals can openly ask questions, share concerns and offer suggestions. Over the years, Teresa has sought collaboration with the Funeral Home industry for the design and implementation of key improvements; many of which improved collaboration among LifeNet Health and Funeral Homes when working together for grieving families.
